UNIVERSITY  
Luxembourg

# CARING ABOUT YOUR FUTURE IS OUR BUSINESS

*Sacred Heart University, established in Fairfield, Connecticut in 1963, has offered advanced business education in Luxembourg since 1991.*

Sacred Heart University has educated business leaders at its main campus in Fairfield, Connecticut, USA since 1965 and at its Luxembourg campus since 1991. Sacred Heart University Luxembourg (SHULU) is located in the Chamber of Commerce in Luxembourg's Kirchberg district. This is the heart of Luxembourg's financial sector and the European Institutions. SHULU therefore benefits from the vibrant business environment.

In January 2007, Sacred Heart University earned its accreditation from the **AACSB International** (the Association to Advance Collegiate Schools of Business) and joined **an elite group to which fewer than 5 percent of business schools worldwide belong.** It is the only university in Luxembourg which has received this accreditation so far. AACSB International is considered to be the premier global accrediting body for business schools that offer undergraduate, master and doctoral degrees in business and accounting. In addition to its international accreditation, SHULU is authorized by the Luxembourg Ministry of Higher Education and Research to confer diplomas in Luxembourg.

SHULU's MBA & Certificate programs have been running for more than 30 years. This has led to 700+ business leaders graduating from over 45 different countries.

The Princeton Review's 2022 guidebook, "The Best 387 Colleges", places SHU amongst the best universities in the United States. The U.S. News & World Report's guidebook, "Best Colleges 2022", also ranks SHU as one of the best universities in the U.S.

SHULU offers MBAs in 4 formats tailored to fit students' personal and/or professional lives. Specializations are available in both **finance, management, digital and sustainability.**

## Part-Time MBA

The Part-Time MBA is tailored for working professionals with more than four years of work experience. It has a rolling admission program. Students can complete the program at their own pace (average completion time of 24 months) by attending evening classes (from 6.30 pm until 9.30pm). Mid-program, they have the opportunity to evaluate whether they would be interested/eligible to switch to the Executive MBA program. Career Advancement support is offered for up to 3 months post-graduation.

More info on **shu.lu**

### Full-Time MBA with Internship

The Full-Time MBA with an internship welcomes mainly international students with a minimum of two years of work experience. Admissions start in mid-August or January for those students who need visas. It is on a rolling admission basis for anyone else.

“Learn today, apply tomorrow” is the motto for these students. They attend evening classes (6.30 pm until 9.30pm) and work as interns during the daytime. The program includes 6-9 month paid-internships with prestigious domestic and international companies (average completion time of 20 months). Career Advancement support is also offered for up to 3 months post-graduation.

### Executive MBA

Our Executive MBA targets professionals with more than 10 years of work experience. Admission is on a rolling basis and is taught at evening classes (6.30 pm until 9.30pm). There are workshops, roundtables, brown bag sessions, company visits at weekends. The Executive MBA students are also offered a full “Care Program” including coaching sessions and mentoring support by our Faculty, alumni, Board of Regents, and other industry experts. They can also benefit from Career Advancement support for up to 3 months post-graduation.

SHULU also provides **Executive Education** through tailored **Business Certificates** (*Private Equity, Digital Innovation, Corporate Finance, Leadership, Sustainability*), **Open enrollment Courses** and a **Sustainability in Action Leadership Platform**.

This platform combines Courses and Programs amongst which one can study for a **Sustainability & Social Impact Certificate** and/or a **Mini MBeA** (6-month program offered online, including 10 webinars of 2 hours duration with disciplinary experts and sustainability practitioners.) Both programs enable professionals to learn how to make a sustainable difference to their own lives, their community, their organization and society.
